

# TAK

Course rules  
Studia Full-time studies

---

1. *Computer Techniques and Architecture (TAK)* is a subject for which you receive one grade at the end of the semester.
2. The indicated basic literature during the first lecture is a compulsory source of supplementing knowledge.
3. I encourage you to read the literature and articles in order to systematize and expand the acquired knowledge.
4. As part of the exam session, there will be an exam to test theoretical and practical knowledge.
5. The exam may consist of mixed questions (descriptive and multiple-answer test questions).
6. Obtaining a positive exam grade takes place when the student obtains a minimum of 50% of the possible exam points (grade 3).
7. The final grade will be then calculated as follows:

## ***GRADES:***

Grade	From	To
5	90%	100%
4.5	80%	89,(9)%
4	70%	79,(9)%
3.5	60%	69,(9)%
3	50%	59,(9)%
